THE LOCAL NEWS....

CITY AND COUNTY

From Wednesday's Daily.

Geo. Scheurman left for California this morning.

John Coleman has gone to Mexico to work for James Douglas.

Sheriff Roberts went to Phoenix last night on official business.

Mrs. J. F. Hough was an arrival from New York last evening.

Miss Mary Kilpatrick is reported quite sick at the military hospital.

Mr. and Mrs. F. M. Murphy are expected to arrive home tomorrow night.

Supt. Bradley is in town from the Lion Gold Mining company's properties on Cherry Creek.

Deputy Sheriff Joe Campbell went to Jerome today for a short visit and to transact some business for the sheriff's office.

Mr. and Mrs. A. C. McQueen passed through this morning on their way to Ash Fork. They will return to Phoenix tonight.

Granite Mills will not be opened until the 1st of May, on account of delay in receiving part of the material for the resort.

R. H. Millward went to Jerome today to complete the data for the Verde district for his mining directory which will soon be issued.

Walter Bennett, the republican candidate, was elected mayor of Phoenix yesterday. The victory for the republican ticket was almost complete, only two democrats being elected.

Joe Mellich, the popular jeweler with Geo. H. Cook & Co., who has been working in the Phoenix Store during the winter, came up from that city today and will be here during the summer.

The old burnt frame formerly occupied by Mrs. Blain as a millinery store, has been torn down and will be replaced by a fine business block, to be erected by Mr. Blumberg, who has purchased the property.

Paulina today sold his blacksmith shop to Jas. Keegan, the well known blacksmith. Mr. Pulliam will devote his entire attention to his automobile bus line as soon as his car arrives.

Postmaster Smith will receive bids up to May 20 for setting several new iron posts for mail boxes. It is the intention of the department to extend the free delivery and collection system in Prescott about July 1.

Joe Endle, who has been one of the popular employees at the Palace for several months, left today for Byron Springs, near San Francisco, where he hopes to get relief from an attack of rheumatism which has almost laid him up. He will be gone about six weeks.

Mrs. H. Belcher, mother of B. M. Belcher, left today for her home in Boston, after a visit in Prescott with her son. She was accompanied as far as Ash Fork by Mrs. R. M. Belcher. She was delighted with this little city and may return again in the future for another visit.

At the meeting of the city council yesterday afternoon a number of bills were audited and the city clerk was instructed to advertise for the sale of the recently voted land. Advertisements will be run in the local, San Francisco, Chicago and New York papers.

J. F. Hesse, came in from the Red Rock country where he is finishing up a big job of surveying for the government. He went back again this morning and was accompanied by Harold Chertont, of Chicago, who has been visiting with E. R. McDowell for some weeks. Mr. Hesse reports his wife slowly recovering from her severe attack of rheumatism.

George Loring yesterday received a telegram from Madison F. Larkin of Scranton, Pa., saying that Matt Loring had sent the Sunday with him and told him that it was really the first good time he had had since leaving Prescott. Mr. Loring is in the civil service and was lately promoted to Washington. He has a promising future in the government service but Mr. Larkin who is at the head of the International Correspondence service is trying to induce him to connect himself with that institution, Phoenix Republic.

People who have purchased frames recently at Wooster's may have noticed the fine quality of glass used. This is a special kind made for picture frames at St. Helms, England. It is quite clear and colorless and shows no tendency to much better than the green American glass, or the French, which is sometimes smoky. Mr. Wooster now uses this English glass in all his frame work. He says the first cost is more than American glass, but there is not so much to be thrown away from defects, and the price still remains the same.

Cleora Weidner, of Espanola, formerly chief of police of Santa Fe, has inquired of Mayor I. Sparks, asking if the latter desired the presentation of a bear to President Roosevelt offered to be placed and if he thought the president would accept the gift. It is probable that a message of inquiry will be sent Mr. Roosevelt, and if he signifies his willingness to be inducted with the pet for the rest of his trip, Weidner will bring a black bear, named by him, here and send it to Colonel Roosevelt. The animal is a pet. As soon as he receives a reply, Mr. Weidner will immediately construct a fine, new cage for him, provided the gift is acceptable. New Mexican.

A recent Los Angeles dispatch says: "Official announcement was made from the headquarters of the Santa Fe in this city of the purchase by that company of the Ransburg railroad, which connects the Ransburg mining district with the main line of the Santa Fe at Kramer, a short distance north of Jerome. The Ransburg railroad was built seven years ago by Senator Depew and a number of other New York railroad men for the purpose of developing mines in the Ransburg district. The road is twenty seven miles long and runs from Kramer, on the Santa Fe, to Johannesburg, four miles from Ransburg. The Santa Fe will take possession May 12.

From Thursday's Daily.

Geo. W. Middleton has returned from a trip east.

W. C. Bushford returned today from a trip to Phoenix.

Sheriff Roberts returned today from a business trip to Phoenix.

Miss Greenwood is the guest of Mrs. E. E. Greenwood, West Prescott.

Mrs. F. G. Brecht went to Jerome this morning for a few weeks' visit.

Judge Blakely, the well known resident of Kingman, is in Prescott on a business visit.

Mrs. E. E. Ellwood and children left this morning for Ohio to visit her parents for two months.

Mrs. Howard Burnister will leave Saturday for San Francisco to visit her parents for two months.

Mrs. H. A. Skaukey of Pueblo, Colo., is visiting her aunt, Mrs. W. A. Drake on Mt. Vernon avenue.

Miss Bowman, of Logansport, Indiana, is visiting in Prescott with her uncle, A. L. and E. L. Bowman.

Mr. and Mrs. Kendall, of Phoenix, arrived in Prescott today for a visit with their son and his family in West Prescott.

Geo. Connell and P. C. Wilder, residents of the Hillside country, are visiting in Prescott and report the range and pastures in the shape and the ranchers happy.

Mrs. F. A. Hathaway and her sister, Miss Stanham, went to Ash Fork this morning to meet their mother, Mrs. Mary Stanham, who will arrive from Chicago to make her home with them here.

Ed Block and son Garret and F. L. Wright, went out to the properties of the Merchants Mining company today in order to make final preparations to receive the party of eastern stockholders who will visit the mines tomorrow.

J. S. Fremont will complete the enumeration of Prescott today for his city directory. From his observation in taking this enumeration and the results he has obtained, he places the population of the city at between 6000 and 6500.

Mrs. H. H. Carter left this morning for Colorado Springs, Colo., to attend the grand lodge of the Degree of Honor, going to the delegates from the Prescott lodge. Mrs. Richard Holmes, of Phoenix, was on the same train and they will make the journey together.

The lecture which was to have been given to the Elks last evening was postponed as there was a small attendance of the members, the notice of the lecture having been so short that it was not generally known. The lecture will be given, however, at a later date.

The interior of Smith's meat market is being given some finishing touches which makes a great improvement in the appearance of the market. This market is probably one of the largest and best equipped in the territory, and would compare most favorably with any in the west.

Prof. Henri Desclamps, the famous character reader, who has been in the city with his wife for several days, was a pleasant caller at this office today. He has traveled in nearly every country on the globe and is a very interesting gentleman. He will deliver an address at the M. E. church on Friday evening, May 15, for the benefit of the Ladies' Aid.

The meeting of the Ladies' Aid of the M. E. church, held last night, being the first one to which the gentlemen were invited, was well attended, and a good time enjoyed by all present.

These social meetings which the ladies have planned to give every quarter, promise to be very interesting.

The engagement of Captain Reed of Whipple, and Miss Frances Kautz, daughter of Mrs. A. V. Kautz is announced. The date of the consummation of the happy event is not yet announced, but as both are widely known and very popular in social circles, the announcement of the engagement will be received with pleasure by their many friends.

Books may now be given out at the Prescott Free Reading Room. There are over 200 books of the latest published. Printed slips may be obtained by the patrons of the reading room, and these may be endorsed by a property owner. Books may be kept out two weeks—over that time 5 cents a day will be charged.

The G. A. R. boys are beginning to stir themselves in the matter of arranging for the observation of Memorial Day in Prescott. The day was observed in a most creditable manner last year and it is to be hoped that the G. A. R. will meet with assistance from everyone this year in the proper observance of this one of the most sacred of our nation's holidays.

There was quite a good sized friendly skirmish on Oak Creek Sunday in which the ladies demonstrated that Jerome has a number of women who could have taken care of themselves, and the women's suffrage bill passed. They took Mr. Lubin and "lambasted" him right and left, ducked him, rolled him in the mud, and then set him up against a tree and told him to be good.—Jerome Mining News.

Harry Major received a telegram several days ago that his father in Detroit, Mich., had been stricken with paralysis but it was not thought his condition was dangerous. Last night, however, he received another wire stating that a change for the worse had come and to come home at once. Accordingly he left for that place today. His last of friends in Prescott hope he will find his father in a greatly improved condition when he arrives there. His father is nearly 70 years of age.

The editor of a little paper in a small Arizona town on the line of the Santa Fe applied to the superintendent for a pass over the road. "Where does your paper circulate?" asked the superintendent. "Well," replied the editor, "it circulates in Arizona, forty copies go to New Mexico and thirty five go to California. It goes almost everywhere. In fact, I have to hustle pretty hard to keep the paper from going to hell." It is needless to say he got the pass.—Searchlight.

The contest between the jurisdictions of Arizona, New Mexico and Colorado, A. O. U. W., for a \$50 flag for the jurisdiction making the greatest percentage of gain, has been going on with great results to the order in both of these jurisdictions, as it has set the membership to working with all their might. The Journal-Miner is informed by Mr. St. Clair, grand master workman for Arizona-New Mexico, that this jurisdiction is away in the lead so far in the contest and has excellent chances to win the flag, in fact they are bound that they will win, and that is half the battle.

Wednesday's "loquacious" hombrone roused the ire of a gringo on this side of the line, and was soon seen making rapid strides toward his native country with the rank's boot vibrating uncomfortably near behind.

On reaching the Mexican side he resumed his vociferation, when he was taken in hand by a noble guardian of the law, and placed behind the bars. This demonstrates that a noisy mouth is a bad thing at home or abroad.—Oasis.

From Friday's Daily.

Joseph Monihan, the Phoenix cattle buyer, is in Prescott.

John Blanton is in town from Willamson valley today.

Delegate Wilson celebrated his fifty seventh birthday yesterday.

R. R. Coleman came up on this morning's train from the south.

The city's receipts for water during the month of April was over \$1300.

Niles Cameron, of Grand Canyon, is in town today on court business.

E. M. Doe, district attorney of Coconino county, is in town on court business.

Milton Turnbull, who was a witness to the Goddard murder came up from Phoenix yesterday.

The contractor for Hill's warehouse in West Prescott is engaged in putting on the roof.

Dr. O. L. Geor, of Martinez, was an incoming passenger on this morning's train from the south.

W. C. Bushford returned yesterday from a trip of several weeks into the southern part of the country.

Mrs. R. B. Burnister came up from Phoenix this morning, where she has been visiting for some time.

Miss Janet Scott, of Phoenix, arrived on this morning's train for a short visit with her brother in Prescott.

R. H. Millward, the mining directory man, returned today from a visit to Jerome on directory business.

District Attorney E. S. Clark is in Kanab, Utah, trying a very important case before the district court there.

The new room to be used as a men's waiting room at the depot has been completed, and is now in commission.

Ex-Governor N. O. Murphy came in on this morning's train for a business conference with his brother, F. M. Murphy.

Mrs. Benjamin Robinson came up this morning from her home in Kirkland, for a visit to her sons in Prescott.

Judge W. G. Blakely, of Kingman, left for his home this morning, after a few days spent in Prescott, on legal business.

Dr. Lentz, who came in with yesterday's party from the Grand Canyon, has decided to remain in Prescott for a few days.

R. D. French left this morning for a trip along the line of the Santa Fe road. He expects to be absent for a couple of weeks.

Governor A. O. Brodie went south on last evening's train on his return trip from escorting President Roosevelt through the territory.

Ralph Cameron came in on last evening's train to be present today at the hearing of another injunction case in the Bright Angel trail litigation.

J. H. Clinkscades, special insurance adjuster, who was resident of Prescott for a year as a member of the firm of Martindell & Horne is in town on a business visit.

The United States Geological Survey continues to turn out topographic maps of different parts of the country which are the admiration and wonder of the world.

W. J. Wiley, the bustling mining man and Eagle left this morning for a brief business trip to Ash Fork and Flagstaff and other points along the line of the Santa Fe Pacific railroad.

Mrs. Julian Millard entertained a number of ladies at her residence last evening at cards.

Walter Hill, the fruit commission man, came in with a car load of fruit from some time ago. He was disappointed of the entire car load in time to leave on this morning's train for the latter city. Mr. Hill is now located in Los Angeles.

Deputy Sheriff Joe Campbell returned yesterday from an official visit to Jerome. He says that there are about 800 men at work now for the United Verde mine, but business is somewhat slow. He says that there has not been a "pay day" since starting up the plant after the close down for the fire.

W. T. Hall has returned from Oaxaca, Mexico, where he has been engaged in mill building for some time. He says that country is extremely prosperous at the present time, but he thinks of remaining in Arizona for at least some time. He says that he is also down there and who was with Mr. Hall is expected home in a short time.

Prof. D. M. Martin left this morning for his camp on the Colorado river, where he is engaged in an irrigation enterprise. He expected to have to go to Phoenix during his trip here but fortunately met Surveyor Hugh H. Price in Prescott yesterday and was able to transact the business desired with him without going to the capital.

Dr. F. K. Ainsworth has been appointed chief surgeon of the Southern Pacific hospital department to succeed the late Dr. Gardner who recently died. Dr. Ainsworth was formerly a practicing physician in Prescott where he has many friends, who will be pleased to learn of his promotion. On leaving Prescott he located in Los Angeles where he was surgeon of the Southern Pacific company as well as for some of the electric lines there.

During the visit of President Roosevelt in the Grand Canyon W. W. Bass, the veteran guide and owner of the trail in the canyon, presented him with a beautiful photograph of the canyon. The picture was thirty six inches in length. The negative from which it was made cost \$150. The picture sells for \$15 each. It is the finest work of the photographer's art which has ever been made of the great wonder.

W. H. Smith, chief clerk for General Manager R. E. Wells, of the Salt Lake railroad, at Los Angeles, came from the south today. As Mr. Smith occupied the same position for Mr. Wells during the latter's incumbency of the position of superintendent of the S. E. P. and P. railroad he has a host of friends here who are glad of the chance to greet him and extend the glad hand to him. He will return to the family of Mrs. Stepan.

While the family of Mrs. Stepan was in quarantine, on account of scarlet fever, some one entered her yard and stole her washing machine and wringer. In the machine were a lot of clothes which had been used by one of the scarlet fever patients and which had not yet been fumigated. The thief will probably help to spread this contagion by his act. If he should happen to be the only victim no regrets would be felt for him.

The Free Street Fair and Carnival to be held in San Bernardino, May 12th to 16th, is well under way, and San Bernardino is getting on her glad rags, and if one can judge by the amount of enthusiasm displayed around Berdoo, it is going to be a great success. One of the big features will be the Free Vanderville Shows, for which the best artists on the coast have been secured. Large platforms have been erected at several different places, and there will be concerts and free shows from 10 a. m. until 11 p. m.

Goddard Murderers.

Another link was today added to the strong chain of evidence against the two Mexicans who are now in jail charged with the awful Goddard killing. Mr. Kilgore, who has a sheep ranch on the edge of the desert about 20 miles from Goddard station, was in Prescott today and informed the sheriff's office that two Mexicans came to his cabin the next evening after the murder and asked for something to eat. He then showed them to a particular the men charged with the crime under the description. He was then shown the prisoners and at once positively identified the prisoners as the men who came to his cabin that night. This is one of the strongest pieces of evidence that has been secured in the case and only confirms the belief of the officers that they have the right parties.

McCabe Mill Destroyed.

Between 8 and 9 o'clock last night a lamp in the mill at the McCabe mine, exploded setting fire to the mill building. The flames spread rapidly and had the entire building engulfed in flames before anything could be done and within a few minutes the entire building was destroyed. The loss is a heavy one to the company which has been in the mine for some time. The explosion is especially unfortunate, Supt. L. W. Velt was in Kirkland at the time of the fire and came up from there this morning. The company will at once replace the mill and hoist with up to date and first class machinery.

PLUMBING AND WHAT IT IMPLIES.

The water supply and plumbing are vital questions. In recent years the greatest advance in sanitary science has been made in the matter of house plumbing, but not yet has the general public been fully educated to the importance of proper drainage. Many houses are still equipped with the old style, concealed plumbing, and precautions against disease arising from this source are doubly necessary. Explicit instructions for the prevention of defective plumbing and its disastrous results are contained in a paper by Dr. Grace Peckham Murray in the June Delinicator, and those who are not well informed on the subject will do well to consult it.

D. M. Martin came in on yesterday's train from the Colorado river, where he is engaged in an irrigation enterprise. He expects machinery soon for excavating his canals, and just as it arrives work will be commenced on this. He expects to have his canals and laterals completed, and water on a large portion of the land during the present summer.

The Grand Canyon excursionists returned last night. They all report having had a very pleasant time. It was the first visit of a great many of them to the world's greatest of all wonders, and the trip was made doubly pleasant by getting a view of the canyon and of President Roosevelt during the same visit.

EXPLORING WITH MAJOR POWELL

A Beautiful Little Indian Legend.

One of Major Powell's Party Taken Into Confession of Indians to Hear Its Recital.

NO. IV.

That there was to be a story told was evident, by one of the young Indians bringing a small arm full of sticks and building a fire near the south edge of the mesa. Squatted around this fire was the story teller, an old Indian, Frank, the interpreter, and myself. The fire was just big enough to illuminate our three faces while squatted in the semi-darkness, in a circle around a fire near the south edge of the mesa. Squatted around this fire was the story teller, an old Indian, Frank, the interpreter, and myself. The fire was just big enough to illuminate our three faces while squatted in the semi-darkness, in a circle around a fire near the south edge of the mesa.
